

THEY LOSE A GAME.

The Victorious Career of the South Side Bowling Team Ends.

THE HUSTLERS DID THE BUSINESS

Last Night on the Mozart Alleya—Hustlers Got There on a Margin of a Single Pin—Notes From the Alleya. The Base Ball Park Sites—Yesterday's Itacona—Other News From the World of Sport.

LOVELY evening, isn't it?" said Captain Kemple, of the Hustler team, to Captain Wright, of the South Side team, as the players were waiting for one of the incline plane cars to take them down the hill from Mozart park last evening.

Now, Captain Wright is a good judge of weather, but he was entirely irresponsible to the enthusiasm Captain Kemple deemed necessary to inflame. In fact, the entire South Side team was not prepared to be enthusiastic on any subject, simply because the long unbroken string of victories by the team had been broken. The worst of it was that the game was lost by only one pin; it was only necessary to have secured one little additional pin to have made a tie and but two to have turned victory into defeat.

Although the South Side team lost one of the two games with the Hustler aggregation, the one they did win, the first, puts them in the "clinch" class as pennant winners in the over-the-creek league. Even if the team loses the four games yet to be played and the Hustlers take a four-dose chunk of victory during the balance of the season, South Side will still be at the head of the procession by the margin of one game.

The first game was easy for South Side. The feature in individual work was the rolling of Spindel and Wright for South Side and of Hamm for the Hustlers. The score follows:

South Side—Spindel 155, Marschner 113, Handlan 139, Travis 125, Hortsman 115, Wright 172; total 810.

Hustlers—Kemple 135, Shafer 93, Ebeling 110, Walther 142, Weisgerber 138, Hamm 153; total 787.

In the second game the fight was sharp all along the line from start to finish, and several foul balls delivered by South Side players greatly injured their chances of success. "Cannon Ball" Handlan's work was the feature of this game; he rolled the high score of the game, 160. The details:

Hustlers—Kemple 133, Shafer 165, Ebeling 141, Walther 149, Weisgerber 124, Hamm 96; total 808.

South Side—Spindel 150, Marschner 132, Handlan 160, Travis 125, Hortsman 133, Wright 121; total 807.

BOWLING RECORDS.

What the Players of Four Clubs Did in the Five Weeks.

In the averages of players and teams of the Wheeling Bowling League, given in Thursday's INTELLIGENCER, those of four clubs were for but four weeks' work, the others being the full five. The averages of the four clubs up to the close of the fifth week are here given, and show Nameless leads all clubs in averages:

NAMELESS.
Team work—Pins scored \$391, high 899, low 776, average 839.
Individual work—Bowling (10) 152, Campbell (10) 150, Carenbauer (10) 137, Munn (3) 133, Atkinson (10) 131, Wells (8) 128, Riddle (4) 126, Haro (1) 120, average 149.

Individual work—Hervey (10) 155, B. S. McLure (8) 147, Robinson (6) 140, Kuglen (10) 136, Dandinden (10) 135, Richards (6) 125, Ewing (2) 118, Arkle (4) 115, H. W. McLure (2) 114, average 138.

Notes from the Alley.
The Pen and Pencil-Lotus games, scheduled for Saturday evening, will probably be played to-morrow night on the Seibert alleys.

The Nameless club, of the Wheeling Bowling League, has signed G. W. Fair as a substitute in place of John J. Bosley, resigned. This club will keep up its organization this summer and has added a "passive" list. Fair is eligible to play on and after February 19.

This evening The Brownies and La-Belles came together on the Seibert alleys. They are tied for second place, and should they play even on the evening of first place will be in the fight for first place to an alarming extent.

There will be rare sport at the close of the season should Nameless win out. First that club would have to play The Brownies for the season championship, and the winner will undoubtedly be challenged to a series by the South Side league champions.

The average work of the players during the second series is way above that of the first series.

Several of the Wheeling league clubs will be represented in the Mason league to be organized for a series this spring. "Sammy" Nichols, the Kansas City felder, is getting away from kinks in the arm by rolling ten-pins these days. He leaves for Kansas City the latter part of this month.

NO GROUNDS SELECTED.
The Site for the Base Ball Park—A Proposed site on the Elm Grove Road.

WHEELING'S base ball magnates are having a hard time of it in making up their minds as to the location of the home of the 1895 team. For several days the battle has been going on with the State fair grounds and the Schumacher property on the Island, under consideration, and it was stated that they had about come to the conclusion that the latter site was about the thing. Within the past few days,

however, another Richmond has appeared, the site this side of Altenheim, out on the Elm Grove road, and the affair may end in the selection of this location.

General Manager Weisgerber, in speaking of this location, said the other day that his road could accommodate more than the usual base ball crowd on one train and that arrangements could easily be made by which the largest crowds could be speedily handled both to and from the park. The one objection to a location out the Elm Grove road would be its inaccessibility to the people of the over-the-river towns, where base ball "cranks" are thick as fourth-class postmasters. For this reason alone, it would seem policy to select one of the Island sites under consideration.

ARMS FOR ROYALISTS.

The Captain of the Waimanalo Makes a Statement.

SAN FRANCISCO, Feb. 5.—The sworn statement of the captain of the Waimanalo, the vessel that landed at Honolulu the arms and ammunition used by the royalists in the recent attempted revolution, has been received in this city and will undoubtedly create a stir in Washington. Congress is now endeavoring to learn from the state department all the information possible as to the identity of the English subjects engaged in the revolution, and of those who were instrumental in furnishing arms to the conspirators and revolutionists.

The captain says that he was engaged by W. H. Richard to deliver the arms and ammunition at Waikiki. He was to receive \$10,000, of which \$1,000 was paid in cash. His instructions were to go off Waimanalo, where a schooner was to meet him, from which he was to receive the arms. The schooner was called the W. H. Richard. The captain of the Waimanalo was told that she had been towed out of San Francisco and the arms put on board by a tug off Waikiki. Two boats came alongside the Waimanalo and the arms and ammunition were transferred to them. There were 200 carbines and several sacks of ammunition. The captain disclaims all knowledge of who shipped the goods and who paid for them.

THE CREDENTIALS.

Of the Chinese Peace Commissioners Which Japan Would Not Receive.

LONDON, Feb. 3.—A dispatch to the Times from Yokohama says that the text of the credentials of the Chinese peace envoys with whom Japan refuses to treat on account of insufficiency of their powers was as follows:

"By decree we appoint you our plenipotentiaries to meet and negotiate the matter with the plenipotentiaries appointed by Japan. You will, however, telegraph to the Taung-Li-Yamen (Chinese foreign office) for the purpose of obtaining our commands by which you will abide.

"The members of your mission are placed under your control. You will conduct your mission in a faithful and diligent manner and fulfill the trust reposed in you. Respect this."

A dispatch from Peking says that the capture of Tong-Chou (Wei-Hai-Wei) has made a deeper impression upon the Chinese than the fall of Port Arthur.

The dispatch adds that the reported refusal of Japan to treat with the Chinese envoys confirms the belief expressed in Peking that the Japanese are not willing to name their terms of peace.

ANOTHER HOLD UP.

An Atchison & Santa Fe Train Robbed, Much Money Secured.

PUEBLO, CO., Feb. 5.—The western express on the Atchison, Topeka & Santa Fe road, train No. 1, bound for Colorado and California was held up one mile west of Sylvia, Reno county, Kansas, at 11:25 o'clock last night by four masked men, who signalled danger. Two of the robbers covered the engineer and fireman, and two went to the express car. For some reason they failed to effect an entrance and then went to the coaches and made the passengers give up all their valuables. The train was held for an hour and ten minutes by the robbers who rode south. Conductor McGrath ran the train back to Sylvia and gave the alarm, and Sheriff Patton was on the train with his posse in a few minutes. The men are believed to be members of the Stafford gang. One of the pair who went through the train is described in height as five feet nine inches and wore a wide rimmed gray hat. The other man was tall and wore a mackintosh.

Tennessee Governorship Contest.

NASHVILLE, TENN., Feb. 5.—When the two houses of the general assembly met to-day to open the returns of the election for governor in November last, Senator Butler, Republican, read a protest from Hon. H. Clay Evans, the Republican claimant for the governorship.

Mr. Evans protested that the election contest law enacted by the legislature was unconstitutional and he insisted that the joint assembly open and publish the returns as the constitution required without any interference on the part of the joint witnessing assembly.

The reading of the protest was followed by applause from the galleries. The returns of the counties were then opened and objections were filed by Messrs. Evans and Turney to the reception of the votes of the various counties.

Tobacco Accident.

CARTHAGE, Mo., Feb. 5.—At Sarcosie, six miles east of here, a toboggan was coming down a long hill at a furious speed last night when it collided with the side of a bridge over a small stream. The six occupants were hurled high in the air and fell from thirty to fifty feet from where the sled struck. The toboggan was crushed into a thousand pieces. John Osborne was hurt internally and had a huge piece of flesh torn from his thigh. Dr. Scott had an arm broken. Phil Hazel had his leg and arm fractured. Azure Phillips is cut on the head and side. The other occupants escaped serious injury.

MERCURIAL POISON

Is the result of the internal treatment of blood disorders. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The common result is

RHEUMATISM

for which S.S.S. is the most reliable cure. A few bottles will afford relief where all else has failed. I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of S.S.S. I improved rapidly and am now a well man, completely cured. I can heartily recommend it to any one suffering from this painful disease. J. P. Dwyer.

WORRIED WOMEN.

Why Do They Worry When It Is Needless?

HOW TO AVOID IT.

There Is a Secret Cause of Nearly All Worrying, Which Is to be Found in the Women Themselves.

If women only had perfect health nine-tenths of all the worrying which they now do would be avoided. When a woman is sick she cannot help worrying.

Now the cause of nearly all woman's sickness arises from the same source. Men get sick from various causes, but a woman's troubles are peculiar to herself. It is unfortunate, but it is true, and yet nearly all this trouble might be avoided. There is a sovereign remedy for women. Do you ask what it is? Read what some ladies have said:

Mrs. A. Ludlam, of Chelsea, Mass., says: "Childbirth combined with the grip brought me to the border of the grave until my husband and friends gave me up to die. I shall always be thankful that at that time I began the use of a remedy of which I had heard much, and that I was restored to health and owe my life entirely to Warner's Safe Cure."

Mrs. Dr. O'Delia Blinn, Medical Superintendent of the Working Woman's Home, Chicago, says: "I prescribe Warner's Safe Cure in my general practice, and it gives me great pleasure to recommend it."

Mrs. M. L. Tyndale, of Packerton, Penn., says: "Several years ago I began my change of life, and for nearly three years I could eat nothing but crackers and water. I had pains in the back, inflammation and severe vomiting spells. I could not sleep, and was weak and nervous. When almost, as it seemed, at the brink of the grave, I was restored to perfect health by the use of Warner's Safe Cure, and am better than ever before in my life."

Mrs. C. Murphy, Trumansburg, N. Y., says: "A few years ago I was troubled with nervous prostration to such an extent that sleep was well nigh impossible, and I failed rapidly. Fortunately, my attention was called to Warner's Safe Cure, and as a result of its use, I am cured, and most heartily recommend it to all sufferers among my sex."

Mrs. J. Halliwell, residing at 2137 Seventh avenue, N. Y., says: "I have been a great sufferer from kidney trouble, and any woman who has been similarly afflicted knows what I suffered; but I am happy to say that by the use of Warner's Safe Cure I have been restored to perfect health, have recommended its use to numerous friends, and make this statement with great pleasure."

These could be prolonged to more than the space of this paper would permit, but does it not show that all, and more than all, that has been asserted of Warner's Safe Cure, as a "woman's friend," is true, and will you not act upon the suggestions these statements contain?
